

Review checklist
manuscript no: _____

Thorough review is the foundation of any referred journal. The purpose of the review is to provide constructive evaluation that helps both to screen out papers and to improve potentially publishable papers. Please keep in mind that *Nordic Notes* has a diverse readership around the world. Manuscripts should be judged primarily on technical soundness, overall contribution to Scandinavian knowledge, and clarity of communication across disciplinary boundaries. Grammar and stylistic issues will be addressed by a copy editor.
